

Quail Forever is a non-profit organization dedicated to the preservation and conservation of our nation's wildlife habitat. This habitat is necessary to the existence of countless species of wildlife and upland game birds.

We are supported by chapters from around the country which have a local vested interest in preserving habitat in their area. Banquets are put on by these chapters to generate interest and funds for our cause.

Quail Forever's members and chapters are dedicated to local, hands-on conservation. Fundamental to Quail Forever is a unique fundraising system directed to local action. Quail don't migrate, and neither do the dollars raised by your local QF chapter. Unlike most other conservation organizations, local QF chapters retain control of 100 percent of the net funds they raise. Within our mission guidelines of habitat development and conservation education, use of QF funds is determined by the local chapter. The Four Rivers Quail Forever chapter has members in Osage, Gasconade and Maries Counties. For more information, contact Kyle Lairmore at 573-897-3797, ext. 116, or at kyle.lairmore@mdc.mo.gov
